RE: Compliments to Denco Team

As a business owner, I could have not been more pleased with a construction team than I was with DENCO Construction Specialists. Mark, Steve, Heda, Chris and the rest of the DENCO team were always looking out for my best interest.

I know I can always count on the DENCO team to provide great solutions to any problem I have. I was struck by the understanding of the restaurant industry. Not only do they know construction inside-and-out but they are fully aware of how a restaurant works!

DENCO helped us rebrand a storefront in Addison and not only provide construction know-how but design advice (both for aesthetics and operations) on how to marry the ruggedness of the Dodie's concept with the simple elegance required in Addison.

With their quality work and constant mindfulness of our construction budget, DENCO provided me with the results I needed and were a big part of eventual success.
