Denco Construction Specialists  
5525 Lyons Road  
Garland, Texas 75043

Denco Team-

Denco Construction Specialists recently completed several locker room remodels in our San Antonio market. They did so in a very professional and expert matter. They had to work in a restricted space with very limited access. Throughout the process they exhausted all efforts to work in a manner that limited the disturbances of our ongoing operations, which was key in the success of these projects. They were able to come up with creative solutions to unforeseen issues without compromising the integrity of their work.

Their execution of their work was professional. They were always responsive to site conditions, and they were diligent and proficient about keeping me informed on a daily basis of the progress of the job. Every job has its peculiarities, and with this remodel, we had members using the facilities while we were remodeling and many others constantly looking over their shoulders. Denco always maintained a pleasant demeanor and portrayed the utmost patience.

Denco Construction Specialists took the approach at all times of providing the best job possible. I enjoyed working with Denco, and I look forward to working with them again on future projects, and without hesitation, I would recommend them to anyone who has a challenging construction project.

Thank you,

Cory Alexander  
Gym Planner/Project Ninja
