

# SNUFFER'S<sup>®</sup>

RESTAURANTS, INC.

July 28, 2008

To Whom It May Concern:

We have enjoyed a close working relationship with Steve Smith, Mark Boland and their various Denco team members and sub-contractors for more than five years. They've build and/or remodeled four restaurants for Snuffer's during our association, and continue to work closely with restaurant managers to maintain a high level of physical plant readiness. I highly recommend Denco. Their professionalism, attention to detail, and honesty in all dealings leaves us continually with a sense trust. Please feel free to contact me with any further questions or comments.

Sincerely,

Pat Snuffer
